--

Current year of study	
-----------------------	--

Date course will be completed	
-------------------------------	--

If you are undertaking, or wishing to undertake, an on-island research project (whether this is part of a degree course or not), please provide a brief abstract of your research, including your expected dates for commencement and conclusion of this research.

## Personal Statement

Along with your application form, please supply a personal statement covering:

- What aspects of nature and conservation you are interested in.
- What activities related to the study and conservation of nature and the environment you have been involved in.
- How your course and/or research relate to your interest in nature and conservation.
- How you intend to use the bursary to support your study/research.
- Your plans for the future in respect of the study and conservation of the natural environment.

Applications will be judged according to how they have addressed all the points outlined above in their personal statement. Preference will be given to candidates who can demonstrate knowledge on Guernsey's natural environment and involvement with Guernsey's environmental sector.

The completed form and personal statement should be emailed to La Société's Scientific Committee before **31 May 2021** at [science@societe.org.gg](mailto:science@societe.org.gg).
